Appl. No.: 10/058,140 Group: 1733
Filed: January 29, 2002 Examiner: G. KNABLE
For: PNEUMATIC TIRE

PRELIMINARY AMENDMENT

Assistant Commissioner for Patents
Washington, DC 20231

July 26, 2002

Sir:

The following preliminary amendments and remarks are respectfully submitted in connection with the above-identified application.

IN THE CLAIMS:

Please amend the claims as follows:

1. (Amended) A pneumatic tire having a carcass of at least one layer, said carcass having a pair of ends engaged with a pair of bead cores on both sides with each of the ends being turned up outwardly from an inner side around each of the pair of bead cores, an inner liner made of a first rubber composition disposed radially
